### ALLIANCE PRODUCES NEW WELCOME TO HARDIN COUNTY ROAD SIGNS

KENTON – The Hardin County Chamber & Business Alliance continues to promote the new county motto, which will be featured on the new “Welcome to Hardin County” signs. 15 signs, at the county lines of incoming U.S. and state highways, will be replaced over the summer months.

The website address <http://www.hardincountyoh.org> will promote Hardin County on the new Alliance website.

“Refreshing our welcome signs is a great way to display our new county motto and continue to promote Hardin County as a great place to live, work and prosper for the many travelers that come through our county and communities on a daily basis.” said Jon Cross, Alliance President & CEO.

The Alliance would like to thank the Hardin County Commissioners, Hardin County Community Foundation, City of Kenton, Village of Ada CIC, Village of Forest, Village of Mt. Victory for providing funding for the signs. In addition, we would like to thank the Hardin County Engineers Office for helping to replace and install the signs.
